**WE NEED SOMEONE

OUR HOTSPOTS

Over 8.4 BILLION devices or THINGS connect to the INTERNET. It is currently a \$800 Billion dollar industry. In the next 5 years the industry is predicted to grow to a \$3 TRILLION industry with 70 - 80 BILLION devices.

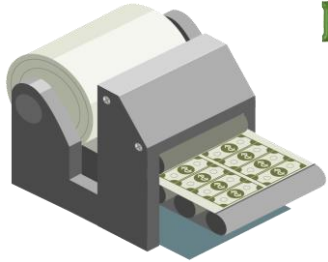

The **HOTSPOT** only needs a WI-FI connection, and a power source. The Hotspot uses about the same amount of power as an LED light bulb (5W).

The Hotspots does not require any of your attention. We will monitor online!

Every HOME / BUSINESS that receives this flyer has the opportunity to have a Hotspot placed on their property with no cost to them.

Once we get a HOST in your area, the offer will no longer be valid.
